The Group's business is linked to the academic cycle which spans one academic year. The academic cycle for STI ESG and STI WNU for SY2024-2025 began in mid-August 2024 and ended in June 2025. For SY2025-2026, the academic year started in late July 2025 with all levels concluding in June 2026. The Group's performance obligations arising from tuition and other school fees are satisfied over time, as students simultaneously receive and consume the benefits provided by the Group through its educational services. The core business and revenues of the Group, which are mainly from tuition and other school fees, are recognized as income over the corresponding school term(s) during which the educational services are rendered. Accordingly, the revenue distribution across quarters may vary depending on the school calendar. This information is provided to facilitate a comprehensive understanding and informed analysis of the results of operations of the Group. However, management has concluded that the Group's operation is not highly seasonal.

4. Segment Information

For management purposes, the Group is organized into business units based on the geographical location of the students and assets, and has five reportable segments as follows:

- a. Metro Manila
- b. Northern Luzon
- c. Southern Luzon
- d. Visayas
- e. Mindanao

Management monitors operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with profit and loss in the consolidated financial statements.

On a consolidated basis, the Group's performance is evaluated based on consolidated net income and EBITDA. EBITDA is defined as earnings before interest expense, interest income, provision for (benefit from) income tax, depreciation and amortization, loss (gain) on foreign exchange differences, equity in net earnings of associates and joint venture, fair value loss (gain) on equity instruments at FVPL and nonrecurring gain such as gain on termination of lease. Term Loan Agreement with Bank of the Philippine Islands (BPI)

STI ESG. On March 7, 2024, STI ESG and BPI entered into a five-year term loan agreement for a credit facility up to the amount of ₱1,000.0 million. This credit facility is unsecured and was originally available and ending on the earliest of (i) December 31, 2024, (ii) the date the total facility is fully drawn by STI ESG, or (iii) the date the total facility is terminated or cancelled in accordance with the terms of the Term Loan Agreement. The proceeds of this loan could be used to (i) partially refinance STI ESG's bonds due in March 2024, (ii) finance the campus expansion projects, and (iii) for other general corporate requirements.

On March 18, 2024, STI ESG availed a ₱500.0 million loan from this facility at an interest rate of 8.4211% per annum. The proceeds from this loan were used to partially finance the 7-year bonds which were redeemed in full upon maturity on March 23, 2024.

Principal repayments are made in ten (10) equal installments based on a semi-annual amortization schedule which commenced six (6) months from the date of initial borrowing until the maturity date. Each such installment is being paid by STI ESG on a repayment date occurring semi-annually from the

date of initial borrowing until the maturity date. Interest and principal payment for the succeeding borrowings are to be adjusted to coincide with that of the initial borrowing.

STI ESG has elected to fix the interest on each drawdown on a semi-annual basis equivalent to the higher of (i) the base rate-floating plus margin; and (ii) the applicable Bangko Sentral ng Pilipinas (BSP) Target Reverse Repurchase Rate (TRRP) plus margin, payable and repriced semi-annually. Base Rate means the PHP Bloomberg Valuation (BVAL) or PHP BVAL Reference Rates (or in the event of its elimination or discontinuance, its replacement as may be determined by the Bankers' Association of the Philippines (BAP) or BSP, as displayed on Bloomberg (or such applicable platform) at approximately 5:00 PM on the relevant Interest Rate Setting Date or Interest Rate Repricing Date. BSP TRRP means the monetary policy interest rate of the BSP as published daily in the BSP website. On May 10, 2024, BPI agreed to STI ESG's request to amend the Term Loan Agreement with respect to the basis of floating interest rate at each drawdown equivalent to the higher of (i) the base rate-floating plus margin; and (ii) the applicable BSP TRRP plus 50 basis points, payable and repriced semi-annually. The amendment to the Term Loan Agreement was executed on May 17, 2024. The amendment provides that the basis of the floating interest rate will take effect on the next drawdown or on the next repricing date, whichever comes first.

Interest Period commences on the date of the Borrowing and has a duration of six (6) months with each six (6)-month period thereafter commencing upon the expiry of the immediately preceding Interest Period; provided that, in case of multiple Borrowings, for each Borrowing subsequent to the initial Borrowing, the first Interest Period for that subsequent Borrowing shall commence on the date of such Borrowing and shall end on the last day of the current Interest Period for the initial Borrowing as established above in order to synchronize the interest periods of all Borrowings. Interest Rate Setting Date means two (2) Business Days prior to each Borrowing Date or, if that is not a Business Day, on the immediately preceding Business Day. Interest Rate Repricing Date shall mean two (2) Business Days prior to each semi-annual date coinciding with the Interest Payment Date. Interest rate for the outstanding loans under this Term Loan Facility with BPI was repriced effective March 18, 2025 and September 18, 2024 at the rates of 7.4395% per annum and 7.8735% per annum, respectively. Subsequently, interest rate for the Term Loan Facility with BPI was repriced effective September 18, 2025 at 7.0588% per annum.

STI ESG has the option to prepay the loan, wholly or partially, at any time during the term of the loan. Each partial prepayment shall be in integral multiples of ₱10.0 million. The amount payable in respect of any prepayment of the loan shall comprise of (i) any accrued interest on the principal amount of the loan to be prepaid; and (ii) the principal amount of the Loan to be prepaid; and (iii) prepayment penalty equivalent to 1.0% of the amount prepaid if the prepayment is done on any date other than the Interest Rate Setting Date.

The embedded floating interest rate and prepayment option on the loan drawdowns with BPI was assessed as clearly and closely related to the loan, thus, not for bifurcation.

On December 4, 2024, STI ESG availed an additional ₱200.0 million loan from this facility at an interest rate of 7.8201% per annum. The proceeds from this loan were used to settle the downpayment for the construction of STI Academic Center Alabang. STI ESG capitalized the related loan transaction costs amounting to ₱1.5 million.

The proceeds of this loan could be used to (i) partially refinance STI ESG's bonds due in March 2024, (ii) finance the campus expansion projects, and (iii) for other general corporate requirements.

Each such installment is being paid by STI ESG on a repayment date occurring semi-annually from the date of borrowing or initial borrowing, until the maturity date. In case there is more than one (1) borrowing, the repayment date is to be adjusted to coincide with the interest payment date occurring in the same calendar month.

Interest Period commences on the date of borrowing or initial borrowing, in case there is more than one (1) borrowing, and having a duration of six months with each semi-annual period thereafter commencing upon the expiry of the immediately preceding interest period, provided, that the first interest period with respect to a borrowing subsequent to the initial borrowing shall commence on the date of such subsequent borrowing and shall end on the last day of the current interest period of the

initial borrowing within which such subsequent borrowing was made to synchronize all subsequent interest periods. Interest Rate Setting Date is the business day immediately preceding the date of borrowing and each semi-annual period occurring after such business day but coinciding with the interest payment date.

STI ESG may, at its option, prepay the loan in part or in full, together with accrued interest thereon. Each partial prepayment shall be in whole multiples of ₱10.0 million. Each prepayment shall be made on an interest payment date, otherwise prepayment shall be subject to a prepayment penalty of 1.0% of the amount prepaid.

Fixed-rate bonds due 2027	₱820,000,000	₱820,000,000
Less unamortized debt issuance costs	2,380,600	3,293,987
	₱817,619,400	₱816,706,013

On March 23, 2017, STI ESG issued the first tranche of its ₱5,000.0 million fixed-rate bonds program under its 3-year shelf registration with the SEC which ended on March 9, 2020. The bonds, amounting to an aggregate of ₱3,000.0 million, were listed through the Philippine Dealing & Exchange Corp. (PDEX), with interest payable quarterly and were issued with a fixed rate 5.8085% for the 7-year series, due 2024, and 6.3756% for the 10-year series, due 2027.

Proceeds of the issuance were used to finance the campus expansion projects, refinance the short-term loans incurred for the acquisition of land, and for other general corporate requirements of STI ESG.

The bonds include an embedded derivative in the form of an early redemption option that gives STI ESG the option, but not the obligation, to redeem in whole (and not in part), the outstanding bonds before the relevant maturity date, based on a certain price depending on the fixed early redemption option dates. Management has assessed that the early redemption option is closely related to the bonds and would not require to be separated from the value of the bonds and accounted for as a derivative. Subsequent reassessment is required when there has been a change in the terms of the contract that significantly modifies the cash flows.

On March 23, 2024, the 7-year fixed rate bonds with a principal amount of ₱2,180.0 million matured and were fully redeemed by STI ESG in accordance with the terms of the Trust Agreement and the Supplemental Trust Agreement.

The bonds were rated ‘PRS A plus’ with a Positive Outlook by PhilRatings in November 2024. Obligations rated PRS A have favorable investment attributes and are considered as upper-medium grade obligations. Although these obligations are somewhat more susceptible to the adverse effects of changes in economic conditions, this indicates that the obligor’s capacity to meet its financial commitments on the obligation is still strong. The “plus” further qualifies the assigned rating. A “Positive Outlook” indicates that there is a potential for the present credit rating to be upgraded in the next 12 months.

On November 17, 2025, PhilRatings assigned STI ESG’s outstanding 10-year bond series an Issue Credit Rating of PRS Aa, with Stable Outlook. This represents an upgrade from the previous rating of PRS A plus, with a Positive Outlook. Obligations rated PRS Aa are of high quality and are subject to very low credit risk. This means that the obligor’s capacity to meet its financial commitment on the obligation is very strong. A Stable Outlook indicates that the rating is likely to be maintained and or to remain unchanged in the next 12 months.

A summary of the terms of STI ESG’s issued and outstanding bonds follows:

Year Issued	Interest Payable	Term	Interest Rate	Principal Amount	Carrying Value		Features
					December 31, 2025 (Unaudited)	June 30, 2025 (Audited)	
2017	Quarterly	10 years	6.3756%	₱820,000,000	₱817,619,400	₱816,706,013	Callable from the 7th anniversary issue and every year thereafter until the 9th anniversary issue date

Covenants

The bonds provide certain restrictions and requirements with respect to, among others, change in majority ownership and management, merger or consolidation with other corporations resulting in loss of control over the overall resulting entity and sale, lease, transfer or otherwise disposal of all or substantially all of its assets. The bonds’ Trust Agreement and Supplemental Trust Agreement (“the Bond Trust Agreements”) also contain, among others, covenants regarding incurring additional debt and declaration of dividends. STI ESG is required to maintain a debt-to-equity (D/E) ratio of not more than 1.50:1.00 and Interest Coverage Ratio (ICR) of not less than 3:00:1.00 computed based on the consolidated financial statements. Testing of compliance with required ratios is done on June 30 and December 31 of each year.

In August 2020, STI ESG obtained the required consent of the holders of the Bonds (the “Record Bondholders”), which include among others, the waiver of the DSCR requirement up to June 30, 2023 (see Amendments to the Trust Agreement).

In April 2024, China Bank-Trust and STI ESG executed a second supplemental agreement to (i) replace the financial covenant on DSCR of not less than 1.05:1.00 with an ICR of not less than 3.00:1.00 and (ii) amendment of the definition of EBITDA (see discussions in the succeeding paragraphs).

Supplemental Trust Agreement. On July 20, 2020, STI ESG delivered to China Banking Corporation – Trust and Asset Management Group, in its capacity as trustee (the “Trustee”) for the Series 7Y Bonds due 2024 and the Series 10Y Bonds due 2027 (collectively, the “Bonds”) a Consent Solicitation Statement (the “Consent Solicitation Statement”) and the annexed Consent Form (the “Consent Form”) in connection with the proposed amendments to the Trust Agreement dated March 10, 2017 (the “Trust Agreement”) governing the Bonds issued by STI ESG. Pursuant to the Consent Solicitation Statement, STI ESG sought the consent of the Record Bondholders to certain proposed amendments to the Trust Agreement. The Proposed Amendments are (1) the waiver of Section 7.02(a) of the Trust Agreement which prohibits the Issuer from incurring or suffering to exist any Lien upon any assets or revenues, present and future, of the Issuer in relation to the requirement of LandBank to assign the sub-promissory notes to be executed by the parents or benefactors of the Issuer’s students in favor of LandBank as security for the ACADEME Lending Program; (2) the waiver of Section 7.02(b) of the Trust Agreement which prohibits the Issuer from incurring Indebtedness or entering into any loan facility agreement secured by or to be secured by a lien upon any assets and revenues, present and future, whether registered or unregistered, of the Issuer, unless the Issuer has made or will make effective provisions, satisfactory to the Record Bondholders in the latter’s absolute discretion, whereby the Lien thereby created will secure, on an equal first ranking and ratable basis, any and all obligations of the Issuer under the Trust Agreement and such other Indebtedness which the Lien purports to secure; (3) the waiver of Section 7.02(f) of the Trust Agreement which prohibits the Issuer from assigning, transferring or conveying its right to receive income or revenues insofar as such assignment relates to the requirement of LandBank to assign the subpromissory notes to be executed by the parents or benefactors of STI ESG’s students in favor of LandBank as security for the ACADEME Lending Program; and (4) the waiver of the DSCR up to June 30, 2023, as provided under Section 7.01(k) of the Trust Agreement. The Proposed Amendments will not alter the interest rate or maturity date of the Bonds, the Issuer’s obligation to make principal and interest payments on the Bonds, or the substantive effect of any other covenant or provision of the Bonds. The Trustee certified as of August 15, 2020, that it has obtained the required consent of the Record Bondholders holding or representing at least fifty percent (50.0%) plus one peso (Php1.00) of the aggregate principal amount of the Bonds, to the Proposed Amendments to the Trust Agreement governing the Bonds.

On August 19, 2020, pursuant to the Consent Solicitation Statement, STI ESG and the Trustee executed the Supplemental Trust Agreement incorporating the Proposed Amendments, as follows:

▪ Amendments Relating to Negative Covenants Waiver

Effective as of the Execution Date, the following amendments shall be deemed to have been made to Section 7.02 (Negative Covenants of the Issuer) of the Trust Agreement:

(a) Section 7.02(a) of the Trust Agreement is hereby amended to read as follows: “directly or indirectly, incur or suffer to exist, or permit any Subsidiary to directly or indirectly incur or suffer to exist, any Lien other than Permitted Liens upon any assets and revenues, present and future, of the Issuer and its Subsidiaries, as the case may be, except for the assignment by the Issuer to LandBank of sub-promissory notes to be executed by the parents or benefactors of the Issuer’s students as security for the ACADEME Lending Program of LandBank”;

(b) Section 7.02(b) of the Trust Agreement is hereby amended to read as follows: “incur Indebtedness or enter into, or permit any Subsidiary to enter into, any loan facility agreement secured by or to be secured by a Lien upon any assets and revenues, present and future, whether registered or unregistered, of the Issuer or any Subsidiary, as the case may be, except for the assignment by the Issuer to LandBank of sub-promissory notes to be executed by the parents or benefactors of the Issuer’s students as security for the ACADEME Lending Program of LandBank”;

▪ Amendment Relating to DSCR Waiver

Effective as of the date stated in the Majority Bondholders’ Consent, the following amendment shall be deemed to have been made to Section 7.01(k) of the Trust Agreement:

(k) maintain and observe the following financial ratios:

- (i) DSCR of not less than 1.05:1:00, provided that this Debt Service Coverage Ratio requirement shall be waived up to June 30, 2023.

Second Supplemental Trust Agreement. On April 8, 2024, STI ESG delivered to China Banking Corporation through its Trust and Asset Management Group, the “Trustee” for the Series 10Y Bonds due 2027, the Consent Solicitation Statement and the annexed Consent Form seeking the amendments to the Trust Agreement dated March 10, 2017 (the “Trust Agreement”) and Supplemental Trust Agreement dated August 19, 2020 governing the Bonds issued by STI ESG. The proposed amendments are the (i) replacement of the financial covenant on Debt Service Coverage Ratio of not less than 1.05:1.00 with an ICR of not less than 3.00:1.00 and (ii) amendment of the definition of EBITDA.

ICR means the EBITDA with reference to STI ESG’s audited or unaudited, as the case may be, consolidated financial statements for the immediately preceding twelve (12) months, divided by the interest due for the next twelve (12) months. The term “EBITDA” shall mean the net income of STI ESG based on the consolidated financial statements for the immediately preceding twelve (12) months for that relevant period after adding back (a) depreciation and amortization, (b) interest and other financial expenses, (c) income tax, and adding back or deducting, as applicable (d) all other items as enumerated in the EBITDA computation shown in the quarterly and annual consolidated financial statements of STI ESG, each item determined in accordance with PFRS Accounting Standards.

The proposed amendments on the use of the ICR will better reflect the financial capability of STI ESG to service the interest payments on the Bonds and other loans as they fall due and shall also provide STI ESG with operational flexibility. The Proposed Amendment revising the definition of EBITDA will better gauge the core profitability of STI ESG and the cash income it generates year on year.

On April 23, 2024, the Trustee certified that it has obtained the consent of the bondholders as of April 1, 2024 of the Series 10Y Bonds due 2027, holding or representing at least fifty percent (50%) plus one peso (Php1.00) of the aggregate principal amount of the said bonds then outstanding, who have validly executed and properly delivered consent forms to the Trustee, in accordance with the terms of the Consent Solicitation Statement.

Thus, on April 26, 2024, pursuant to the Consent Solicitation Statement, STI ESG and China Banking Corporation, through its Trust and Asset Management Group, executed the “Second Supplemental Trust Agreement” to effect the amendments to the Trust Agreement dated March 10, 2017 and Supplemental Trust Agreement dated August 19, 2020.

Following are the amendments made:

Section 7.01(k) of the Amended Trust Agreement shall be amended as set forth below:

“Section 7.01 Affirmative Covenants of the Issuer

The Issuer hereby covenants and agrees that, for as long as the Bonds or any portion thereof remain outstanding, the Issuer shall:

- (k) maintain and observe the following financial ratios:
- (i) an Interest Coverage Ratio of not less than 3.00:1.00; and
 - (ii) a maximum Debt-to-Equity Ratio of 1.5:1.0.

For purposes of this Section 7.01(k):

- (iii) the term “Interest Coverage Ratio” means (a) the Issuer’s EBITDA utilizing the Issuer’s audited or unaudited, as the case may be, consolidated financial statements for the immediately preceding twelve (12) months, divided by (b) the interest due for the next twelve (12) months.
- (iv) the term “EBITDA” shall mean the net income of the Issuer based on the consolidated financial statements for the immediately preceding twelve (12) months for that relevant period after adding back (a) depreciation and amortization, (b) interest and other financial expenses, (c) income tax, and adding back or deducting, as applicable (d) all other items as enumerated in the EBITDA computation shown in the quarterly and annual consolidated financial statements of the Issuer, each item determined in accordance with PFRS.”

All references in the Amended Trust Agreement to the defined term “Debt Service Coverage Ratio” or “DSCR” shall be replaced by ICR, as applicable.

20. Revenues

Disaggregated Revenue Information

The disaggregated revenue information is presented in the unaudited interim condensed consolidated statements of comprehensive income and segment information, as discussed in Note 4 to the unaudited interim condensed consolidated financial statements, in a manner that reflects the various sources and categories of revenues generated by the Group for the six-month periods ended December 31, 2025 and 2024.

Timing of Revenue Recognition

	Six months ended December 31	
	2025	2024
	(Unaudited)	(Unaudited)
Services transferred over time	₱2,721,360,588	₱2,494,180,054
Goods and services transferred at a point in time	112,105,567	135,208,025
Total consolidated revenues	₱2,833,466,155	₱2,629,388,079

The revenues of the Group, which are mainly from tuition and other school fees, are recognized as income over the corresponding school term(s) to which they pertain. Accordingly, the revenue distribution across quarters may vary depending on the school calendar. For SY2025-2026, classes started on July 28, 2025 while for SY2024-2025, classes started on August 12, 2024. Further, for fiscal year 2025-2026, STI ESG and STI WNU recognized its revenues from tuition and other school fees based on the actual number of days within the school calendar in contrast with the monthly recognition done previously. This approach affects the timing of revenue recognition across quarters but does not affect total revenues for the full fiscal year.

Contract Balances

The Group's receivables are disclosed in Note 6, while the contract liabilities are presented as "Unearned tuition and other school fees" in the unaudited interim condensed consolidated statements of financial position. There is no significant change in the contract liability and the timing of revenue recognition for SY2025-2026 and SY2024-2025, except for the quarters herein indicated.

Revenue recognized from amounts included in the contract liabilities at the beginning of the period amounted to ₱238.8 million and ₱179.6 million for the six-month periods ended December 31, 2025 and 2024, respectively.

There was no revenue recognized from performance obligations satisfied in previous years for the six-month periods ended December 31, 2025 and 2024.

Performance Obligations

The performance obligations related to revenue from tuition and other school fees are satisfied over time since the students receive and consume the benefit provided by the Group upon performance of the services. The payment for these services is normally due within the related school term(s).

The performance obligations related to revenues from educational services and royalty fees are also satisfied over time since the franchised schools receive and consume the benefit provided by the Group upon performance of the services. The payment for these services is normally due within thirty (30) days.

On the other hand, the performance obligations related to the sale of educational materials and supplies and other revenues are satisfied upon receipt by the customers since the control of the goods and products is transferred at this point. The payment for the sale of educational materials and supplies is generally due within thirty (30) days from delivery.

As at December 31, 2025 and June 30, 2025, the transaction price allocated to the remaining performance obligations (unsatisfied or partially satisfied) amounted to ₱410.9 million and ₱242.8 million, respectively. The contract liabilities as at December 31, 2025 refer to (1) the portion of student assessment initially recorded as a liability account at the start of the school term and recognized as earned income proportionately until the end of the related school term(s) and (2) advance payments substantially for tuition and other school fees for Term 2 of SY2025-2026. Meanwhile, the remaining performance obligations as at June 30, 2025 represent advance payments for tuition and other school fees for the school year commencing after the year ended June 30, 2025, and will be recognized as tuition and other school fees within the related school term(s) for SY2025-2026. On the other hand, the Group does not have any performance obligations that are expected to be satisfied in more than one year.

Material Related Party Transactions Policy

The Parent Company's BOD shall approve all material related party transactions before their commencement. Transactions amounting to the materiality threshold of ten percent (10.0%) or more of the consolidated total assets that were entered into with an unrelated party that subsequently becomes a related party are excluded from the limits and approval process requirements. The Parent Company may set a lower threshold upon determination by the BOD of the risk of the related party transactions to cause damage to the Parent Company and its stockholders.

26. Contingencies and Commitments

Contingencies

- a. *Agreements with PWU and Unlad.* On various dates in 2011, 2012 and 2013, the Parent Company and AHC extended loans and advances to PWU and Unlad by virtue of several agreements (collectively, “Loan Documents”), which were secured by mortgages over PWU and Unlad properties, entered into among the Parent Company, AHC, PWU and Unlad in the total principal amount of ₱513.0 million. Upon the non-adherence to the terms and conditions stated in the agreements, the Parent Company and AHC served notices of default to PWU and Unlad in December 2014 and demanded the payment of the total combined amount of approximately ₱926.0 million, inclusive of interests, penalties, fees and taxes.

Upon failure to pay the aforesaid loan, the Parent Company and AHC enforced its rights under the aforesaid agreements and mortgages and filed several Petitions for Extra-Judicial Foreclosure of Real Estate Mortgage on (a) PWU Indiana and Taft Properties with the Office of the Clerk of Court and Ex-Officio Sheriff of the Regional Trial Court (RTC) of Manila, (b) Unlad’s properties in Quezon City, and (c) Davao Property with the Office of the Clerk of Court and Ex-Officio Sheriff of the RTC of Quezon City and Davao, respectively, in February 2015.

On March 13, 2015, Dr. Helena Z. Benitez (HZB) filed a Creditor-Initiated Petition for Rehabilitation of PWU (PWU Rehabilitation Case) in RTC Manila (Rehabilitation Court). The Rehabilitation Case was dismissed by the Rehabilitation Court. The Motion for Reconsideration and responsive pleadings thereto subsequently filed by HZB and PWU were likewise denied by the Rehabilitation Court on January 21, 2016.

Extra-judicial foreclosure sales were conducted in various dates in 2015 and 2016 for the above-mentioned properties and the Parent Company was declared as the winning bidder for all extra-judicial foreclosure sales held.

On March 1, 2016, the Parent Company and AHC executed a Deed of Assignment wherein AHC assigned its loan to Unlad, including capitalized foreclosure expenses, amounting to ₱66.7 million for a cash consideration of ₱73.8 million. The Deed of Assignment provides that the cash consideration will be payable in cash of ₱10.0 million upon execution of the Deed of Assignment and the remaining balance of ₱63.8 million upon demand. Accordingly, AHC recognized a receivable from the Parent Company amounting to ₱63.8 million. Further, all the rights related to the receivable from Unlad have been transferred to STI Holdings.

On March 22, 2016, the Parent Company, PWU, Unlad, and HZB entered into a MOA for the extinguishment and settlement of the outstanding obligations of PWU and Unlad to the Parent Company. The MOA includes, among others, the execution of the following on March 31, 2016:

- Deed of Dacion en pago of Quezon City Properties and Davao Property (collectively referred to as the “Deeds”) in favor of the Parent Company
- Release and cancellation of mortgages over the Manila Properties to be executed by the Parent Company

The MOA also provided that the Parent Company would be committed to fund and advance all taxes, expenses and fees to the extent of ₱150.0 million in order to obtain the CAR and the issuance of new TCT and TD in favor of the Parent Company. In the event that such expenses would be less than ₱150.0 million, the excess would be given to Unlad. However, if the ₱150.0 million would be

insufficient to cover the expenses, the Parent Company would provide the deficiency without any right of reimbursement from Unlad.

Consequently, the Parent Company recognized the Quezon City properties and the Davao property as "Investment properties". On June 24, 2021, the Parent Company's BOD approved the sale of the Quezon City dacion properties to a potential buyer and reclassified these as noncurrent asset held for sale as these properties have not been used in business since its conveyance to the Parent Company. The Davao property remained as an investment property. In the BOD meeting held on October 13, 2025, the BOD approved the reclassification of the Quezon City properties back to "Investment properties" in the consolidated statement of financial position as at June 30, 2025 (see Notes 11).

Relative to the above, the following cases have been filed:

- (i) *Arbitration Case filed by Mr. Conrado Benitez II.* Mr. Conrado L. Benitez II (the Claimant) filed on June 28, 2016 a Request for Arbitration, with the Philippine Dispute Resolution Center, Inc. (PDRCI), for and on behalf of PWU and Unlad, wherein he requested that the directors/trustees and stockholders/members of Unlad and PWU, EHT, the Parent Company, Mr. Alfredo Abelardo B. Benitez (ABB) and AHC (collectively, the "Respondents") submit the alleged dispute over the settlement of the loan obligations of PWU and Unlad as provided in the arbitration clause of the Joint Venture Agreement and Omnibus Agreement (the "Loan Documents").

In the said Arbitration Case, the Claimant asserted that PWU and Unlad are not in default in their obligations under the Loan Documents. The obligations provided therein, specifically obtaining a tax-free ruling for Property for Share Swap Transaction from the BIR, is an impossible condition. Consequently, the foreclosures on the securities of the Loan Documents, real properties of PWU and Unlad, were null and void because (a) failure to submit the case for arbitration and (b) PWU and Unlad are not in default. Based on such circumstances, the Claimant sought, among others, the (a) renegotiation, or (b) rescission of the Loan Documents. Should the Loan Documents be rescinded, the Claimant also sought that PWU and Unlad shall be allowed twelve months to sell the Davao and Quezon City Properties to return the alleged investments made by the Parent Company, EHT, ABB and AHC. Lastly, the Claimant sought the payment of attorney's fees of not less than ₱5.0 million, ₱0.5 million of which is for expenses and reimbursement of cost of suit, expenses, and other fees. After receiving the Notice of Arbitration and being informed that the required fees have not been paid by the Claimant, the Parent Company, AHC, and EHT filed an Entry of Appearance with Manifestation (Manifestation). In the Manifestation, they informed the PDRCI that the Claimant should be compelled to pay said fees before the arbitration proceedings can proceed.

The PDRCI issued a Notice dated August 26, 2016, which informed the parties to the instant case that the proceedings are suspended until the Claimant settles the outstanding provisional advance on cost for filing the instant case.

The Parent Company sent a letter dated July 2, 2020 addressed to the Office of the Secretariat-General of PDRCI. In the said letter, the Parent Company informed the PDRCI about the death of the Claimant. The Parent Company also moved for the PDRCI to dismiss and/or consider the case withdrawn due to the non-payment of the provisional advance on cost for more than three (3) years.

As at February 16, 2026, the PDRCI has not issued any response to said letter.

- (ii) *Derivative Suit* After filing the Request for Arbitration, Mr. Conrado L. Benitez II (the “Petitioner”) then filed on June 29, 2016 a derivative suit for himself and on behalf of Unlad and PWU against directors/trustees and stockholders/members of Unlad and PWU, EHT, the Parent Company, ABB and AHC (collectively, the “Defendants”) docketed as Civil Case No. 16-136130 in the RTC of Manila (the “Derivative Suit”).

In the Derivative Suit, the Petitioner primarily asserts that the Parent Company, EHT, ABB and AHC should submit themselves to the arbitration proceedings filed with the PDRCI because the Loan Documents required any alleged dispute over the same to be resolved through arbitration. Consequently, the Petitioner alleges that the foreclosure proceedings and settlement of the obligations of PWU and Unlad as evidenced by the MOA dated March 22, 2016 executed by PWU and Unlad with the Parent Company and AHC are null and void for not complying with the aforesaid arbitration clause. Likewise, the Petitioner sought the payment of attorney’s fees not less than ₱1.0 million and ₱0.1 million for expenses and cost of suit.

On July 26, 2016, the Parent Company and AHC filed their Joint Answer with Compulsory Counterclaim (Joint Answer). In the Joint Answer, the Parent Company and AHC asserted that the instant case is a mere harassment and nuisance suit, and a deliberate form of forum shopping when the Petitioner filed the Arbitration Case for the same purpose. Likewise, the Petitioner cannot compel the corporations to submit themselves to arbitration because (a) the parties to the Loan Documents have already settled any disputes, and (b) the said corporations are not stockholders and members of PWU and Unlad. Lastly, the relevant laws allow the Parent Company and AHC to institute foreclosure proceedings even if there is an arbitration clause.

Simultaneously, EHT filed his Answer wherein he asserted that the Petitioner cannot compel him to submit himself to arbitration when he is not a party to the Loan Documents.

Meanwhile, the other co-defendants, namely (a) ABB, and (b) Dr. Jose Francisco and Marco Benitez, filed their respective Answer(s) to the Complaint.

After the termination of Court-Annexed Mediation and pre-trial conference, the Petitioner manifested that the Trial Court should proceed to resolve the case based on the pleadings and affidavits already filed by the parties in accordance with the Interim Rules Governing Intra-Corporate Controversies.

The Trial Court issued an Order dated June 23, 2017 requiring the parties to file their respective Memoranda within twenty (20) days from receipt thereof in order for the Trial Court to proceed to render judgment, full or otherwise, based on all of the pleadings and evidence submitted by the parties in relation and pursuant to Rule 4, Section 4 of the Interim Rules of Procedure Governing Intra-Corporate Controversies under RA No. 8799 (Interim Rules). All of the parties filed their respective Memoranda on July 25, 2017.

On February 9, 2018, the Parent Company received the Decision dated January 19, 2018, which dismissed the case. In the Decision, the Trial Court deemed that Petitioner failed to establish fraud or bad faith on the part of the Defendants. Consequently, the Trial Court cannot contravene in the agreement among the Parent Company, Unlad, PWU and AHC to amicably settle the outstanding obligations of PWU and Unlad to AHC and the Parent Company.

On February 28, 2018, the Parent Company, AHC and EHT received the Plaintiffs’ Petition for Review of the aforesaid Decision filed with the Court of Appeals – Manila and docketed as C.A. G.R. No. 154654.

While the said Petition for Review is pending, the Parent Company discovered that the Petitioner was able to cause the annotation of lis pendens on the titles of the three (3) Quezon City properties subject of the amicable settlement with PWU and Unlad.

Consequently, the Parent Company filed a Motion to Cancel Lis Pendens with the Court of Appeals where the case was pending. In the Motion, the Parent Company sought for the cancellation of said lis pendens due to impropriety and/or invalidity of the same.

The Court of Appeals issued a Resolution requiring all of the parties to file their respective Memoranda. On May 9, 2019, the Parent Company, AHC and EHT filed their Joint-Memorandum.

While the appeal of the Petitioner is pending, the Parent Company filed a Manifestation and Motion dated July 29, 2020. In the said Manifestation and Motion, the Parent Company informed the Court of Appeals about the death of the Petitioner on March 28, 2020. Consequently, the Parent Company moved for the resolution and dismissal of the said appeal.

The Petitioner's counsel filed a Notice and Motion dated August 14, 2020, which also informed the Court of Appeals about the death of the Petitioner. Consequently, said counsel moved that the Petitioner be substituted by his wife and children.

In response thereto, the Parent Company filed its Comment/Opposition dated August 24, 2020. In the Comment/Opposition, the Parent Company argued that the Petitioner cannot be substituted because he can only be substituted by a member of PWU and a stockholder of Unlad. The wife and children of the Petitioner cannot be members of PWU because membership in PWU is non-transferable.

In the Resolution dated October 28, 2021, the Court of Appeals granted the Motion for Substitution.

In the Resolution dated February 11, 2022, the Court of Appeals dismissed the Petition filed by the Plaintiffs. The Court of Appeals also granted the Motion to Cancel the Lis Pendens annotated on the Quezon City Properties.

On March 23, 2022, the Parent Company received the Motion for Reconsideration filed by the Heirs of Plaintiff Conrado Benitez II on the aforesaid Resolution dated February 11, 2022.

After the Parent Company filed its Comment/Opposition, the Court of Appeals denied the Motion for Reconsideration in its Resolution dated January 7, 2025.

Under the relevant rules, the Heirs of Plaintiff Conrado Benitez II may file a Petition for Review on Certiorari or ask an extension to file said Petition with the Supreme Court within fifteen (15) days from their receipt of the Resolution dated January 7, 2025.

On September 10, 2025, the Court of Appeals issued a Resolution wherein it provided that the copy of the Resolution dated January 7, 2025 addressed to the counsel of the Heirs of Plaintiff Conrado Benitez II bore the notation of "Return to Sender.". It appeared that the said counsel was no longer holding office at the counsel's address on record. Consequently, the Court of Appeals resent a copy of the said Resolution to the address of record of Mr. Conrado Benitez II.

As at February 16, 2026, the Parent Company has not received any Motion for Extension or Petition for Review on Certiorari.

(iii) *Ejectment Case against Philippine Women's College of Davao, Inc. involving Unlad's Davao Property.* On March 11, 2019, the Parent Company filed the Complaint for Unlawful Detainer against Philippine Women's College of Davao, Inc. (PWC-Davao), initially filed against Philippine Women's University of Davao, to recover possession of a portion of the parcel of land covered by Transfer Certificate of Title (TCT) No. T-129545 registered under the name of the former situated along University Ave and Richardo, Matina, Davao City being used as a parking area (the "Subject Premises") by the latter.

The Subject Premises formed part of the 40,184 sq.m., more or less, (the "Property") parcel of land formerly registered under the name of "Unlad". After Unlad transferred ownership of the Property to the Parent Company, the Parent Company demanded that PWC-Davao vacate the Subject Premises.

Despite said demands, PWC-Davao refused to vacate the Subject Premises.

On May 28, 2019, the Parent Company received the Answer with Compulsory Counterclaim dated May 14, 2019.

After a failed Court-Annexed Mediation, the parties continued the discussion on the possibility of an amicable settlement.

On July 1, 2022, the parties filed the Joint Motion for Approval of Compromise Agreement. Based on the Compromise Agreement, the Parent Company allowed PWC-Davao to use the Subject Premises for one (1) year or until June 29, 2023. In the event that the Parent Company needs to proceed with its plans over the Subject Premises, it will serve a written notice to vacate and/or turn-over of the Subject Premises to PWC-Davao sixty (60) calendar days before the intended day to vacate or turn-over.

On September 30, 2022, the Parent Company received the Decision dated July 4, 2022 issued by the Trial Court adopting the Compromise Agreement as the decision in this case ("Judgment Based on Compromise Agreement").

Despite the lapse of aforesaid one (1) year period and notice to surrender the Subject Premises, PWC-Davao has not complied with its obligations.

Consequently, the Parent Company filed a Motion for Execution of the Judgment Based on Compromise Agreement.

Pursuant to the Order dated September 15, 2025, the Parent Company paid the appropriate fees for the execution of the Judgment Based on Compromise Agreement.

The Parent Company is awaiting the appropriate Order from the Trial Court to grant said Motion

- b. *Specific Performance Case filed by the Agustin family.* The Agustin family filed a Specific Performance case against the Parent Company for the payment by the latter of the remaining balance of the purchase price for the sale of the Agustin family's shares in STI WNU.

The Agustin family alleges in their Complaint that based on the Share Purchase Agreement and Deed of Absolute Sale they executed with the Parent Company, the price of their shares in STI WNU has been pegged at ₱400.0 million. Despite these two agreements, the Parent Company refuses to pay the full purchase price for the STI WNU shares they acquired from the Agustin family.

In its Answer, the Parent Company stated that the Agustin family is not entitled to the full purchase price of their STI WNU shares because they have not complied with all the requirements for its release. In particular, the Agustin family has not been able to deliver the Commission on Higher Education permits for the operation of STI WNU's Maritime Program as provided in the MOA, and the Share Purchase Agreement. In addition, there are other trade receivables in favor of STI WNU wherein full satisfaction of the same entitles the Agustin family to a portion of the balance of the purchase price.

In order to expedite the proceedings, the Agustin family was able to submit the case for summary judgment by the Trial Court. Despite the opposition thereto, the Trial Court rendered its Decision dated April 4, 2018 (the "Summary Judgment"). In the Summary Judgment, the Trial Court ordered the Parent Company to pay the Agustin family the amount of ₱50.0 million with legal interest from the filing of the case until full payment only.

On September 11, 2018, the Parent Company filed and paid the corresponding docket fees for its Notice of Appeal Ex Abundanti Ad Cautelam (Notice of Appeal) on the said Summary Judgment.

Upon motion by the Agustin family, the Trial Court granted their Motion for Execution Pending Appeal dated September 5, 2018.

While the record of the case was still with the Trial Court, the Parent Company immediately filed the Urgent Motion for Reconsideration with alternative prayer for Motion to Stay Discretionary Execution Pending Appeal dated December 14, 2018.

After due hearing by the Trial Court on the Motion(s), the Trial Court (a) denied the Urgent Motion for Reconsideration but (b) granted the Motion to Stay Discretionary Execution Pending Appeal upon posting of a supersedeas bond amounting to ₱100.0 million (the "Stay Order").

After the Agustin family filed a Motion for Reconsideration on the Stay Order, the Trial Court denied the same in its Order dated March 14, 2019.

Both parties sought their respective remedies before the Court of Appeals - Cebu to question (a) the Summary Judgment against the Company (CA G.R. CV No. 07140) and (b) the Stay Order against the execution of the Summary Judgment in favor of the Agustin family (CA G.R. CV No. 12663) (collectively, the "CA Cases").

While the aforesaid CA Cases were pending, the parties decided to amicably settle and terminated said cases by executing in counterparts the Compromise Agreement dated September 6, 2021, and September 10, 2021 and filing a *Joint Motion for Judgment Based on Compromise Agreement* dated September 20, 2021. In the Compromise Agreement, the Company agreed to pay the Agustin family the amount of ₱25.0 million as final and full settlement of the latter's claim against the former in the aforementioned cases (see Note 15).

In addition, the parties agreed to review the financial records of STI WNU to determine the status of the Agustin family guarantee on the collectability of the trade receivables, and the release, if any, of the ₱27.3 million to the Agustin family as provided in the *Share Purchase Agreement*.

Considering the aforesaid settlement and the Amended Decision, all cases and issues related thereto are deemed terminated.

- c. *Specific Performance Case.* STI College Cebu, Inc. (STI Cebu) and STI ESG's Finance Officer were named defendants in a case filed by certain individuals for specific performance and damages. In their Complaint, the Plaintiffs sought the execution of a Deed of Absolute Sale over a parcel of land situated in Cebu City on the bases of an alleged perfected contract to sell. The Defendants filed the Consolidated Answer to the Amended Complaint on August 30, 2017. In the Consolidated Answer, Defendants asserted that there is no perfected contract to sell or of sale between STI ESG and the Plaintiffs considering that (a) there is no Board approval on the sale of the Subject Property; (b) lack of definite terms and conditions thereof; and (c) STI ESG's Finance Officer has no authority to bind STI ESG on the alleged contract to sell or sale of the Subject Property.

After the parties completed the presentation of evidence and filed their respective Memoranda, the Defendants received the Decision of the Trial Court on June 22, 2020.

In the Decision dated June 18, 2020, the Trial Court determined that there was no perfected contract to sell the Property. The Trial Court affirmed that the Plaintiffs failed to obtain the consent of STI ESG. There was no evidence showing that STI ESG, through its BOD, (a) gave its consent to the sale or (b) authorized the Defendant Finance Officer to sell the Property in favor of the Plaintiffs.

The Trial Court, however, determined that the Defendant Finance Officer is liable to pay the Plaintiffs the total amount of ₱0.2 million representing temperate and exemplary damages ("Damages"). The Trial Court determined that the actions of STI ESG's Finance Officer insofar as (a) receipt of the earnest money, (b) lack of written authority from STI ESG during the negotiation and (c) continued assurances to the Plaintiffs in relation to the BIR ruling on the tax-free exchange and then sudden withdrawal from the transaction constitute bad faith.

Lastly, the Trial Court ordered STI ESG to return the amount of ₱0.3 million it received from the Plaintiffs as "earnest money" with an interest rate of six percent (6.0%) per annum from receipt thereof on March 30, 2011 until the latter's tender of the same to the Plaintiffs on July 2, 2015.

Both parties filed their respective Partial Motion for Reconsideration insofar as the (a) dismissal of the Complaint and (b) award of Damages.

On August 25, 2020, the Trial Court issued its Order, which modified the Decision only insofar as requiring STI ESG's Finance Officer to pay an additional ₱50.0 thousand as attorney's fees in favor of the Plaintiffs. The rest of the findings in the Decision is affirmed.

Both the Plaintiffs and the Finance Officer filed their respective Notice of Appeal.

On December 1, 2020, STI ESG and the Defendant Finance Officer received the Notice, which requires the Appellants (Plaintiffs and the Defendant Finance Officer) to file their respective Appellant's Brief within forty-five (45) days from receipt of the Notice.

After the parties filed their respective brief(s), STI ESG received the Decision dated February 27, 2023 on March 20, 2023. Based on the Decision, the Court of Appeals affirmed *in toto* the Trial Court's Order(s).

On May 3, 2023, STI ESG received the Motion for Reconsideration filed by the Plaintiffs.

After STI ESG filed its Opposition dated July 14, 2023 to the said Motion for Reconsideration, the Court of Appeals issued its Resolution dated November 6, 2023, which denied the Plaintiffs' Motion for Reconsideration.

On January 8, 2024, STI ESG received the Petition for Review filed by the Plaintiffs before the Supreme Court.

The Supreme Court has yet to issue the appropriate Resolution on the said Petition insofar as whether to dismiss the same or require STI ESG to file a Comment to the Plaintiffs' Petition for Review.

- d. Due to the nature of their business, STI ESG, STI WNU and iACADEMY are involved in various legal proceedings, both as plaintiff and defendant, from time to time. The majority of outstanding litigation involves illegal dismissal cases under which former employees and former faculty members have brought claims against STI ESG and STI WNU by reason of their faculty contract and/or employment contracts. STI ESG, STI WNU and iACADEMY are not engaged in any legal or arbitration proceedings (either as plaintiff or defendant), including those which are pending or known to be contemplated and their respective BODs and Board of Governors have no knowledge of any proceedings pending or threatened against STI ESG, STI WNU and iACADEMY or any facts likely to give rise to any litigation, claims or proceedings which might materially affect their financial position or business. Management and their legal counsels believe that STI ESG, STI WNU and iACADEMY have substantial legal and factual bases for their position and are of the opinion that losses arising from these legal actions and proceedings, if any, will not have a material adverse impact on the Group's unaudited interim condensed consolidated financial statements.

27. Fair Value Information of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate such value.

Cash and Cash Equivalents, Receivables and Accounts Payable and Other Current Liabilities. Due to the short-term nature of transactions, the fair values of these instruments approximate the carrying amounts as of financial reporting date.

Rental and Utility Deposits. The fair values of these instruments are computed based on the present value of future cash flows discounted using the prevailing BVAL reference rates that are specific to the tenor of the instruments' cash flows at the end of the reporting period.

Equity Instruments at FVPL and FVOCI. The fair values of publicly traded equity instruments designated at FVOCI, classified under Level 1, are determined by reference to market bid quotes as at financial reporting date. The fair values of unquoted shares are determined using valuation techniques with inputs and assumptions that are based on market observable data and conditions. Such techniques include using recent arm's-length market transactions and reference to the current market value of another instrument which is substantially the same.

Interest-bearing Loans and Borrowings. The carrying value of floating rate interest-bearing loans and borrowings approximates fair value because of regular repricing based on market conditions.

Fixed-rate Bonds. The estimated fair value of the 10-year bonds, maturing in 2027, which carries a fixed interest rate is based on the discounted value of future cash flows using the prevailing credit adjusted risk-free rates that are adjusted for credit spread.

Refundable Deposits. The fair values of the refundable deposits are computed based on the present value of future cash flows discounted using the prevailing BVAL reference rates adjusted for credit spread rate that are specific to the tenor of the instruments' cash flows at the end of the reporting period.

Management believes that the fair values of deposits, bonds payable and other noncurrent liabilities as at December 31, 2025 do not significantly differ from the fair values of these financial instruments as at June 30, 2025.

STI EDUCATION SYSTEMS HOLDINGS, INC.**MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****OVERVIEW**

STI Education Systems Holdings, Inc. (“STI Holdings” or “the Parent Company”) was originally established in 1928 as a Philippine branch office of Theo H. Davies and Co., a Hawaiian corporation. It was reincorporated as a Philippine company in 1946 as part of the Jardine-Matheson group and was listed at the Philippine Stock Exchange (PSE) on October 12, 1976. STI Holdings was then sold to Filipino investors in 2006. In March 2010, it became part of the Tanco Group of Companies. The Parent Company completed its follow-on offering of 2.9 billion shares in November 2012 comprising of primary and secondary issues. Today, it is a holding company with investments in three large educational institutions and is also the owner of Attenborough Holdings Corporation (AHC) which was a party to the various agreements with Philippine Women’s University (PWU) and Unlad Resources and Development Corporation (Unlad). As part of its plan to expand its course offering and diversify its market, the Parent Company acquired control of STI College Novaliches, Inc., from its subsidiary, STI Education Services Group, Inc. (STI ESG) and renamed the former to Philippine School of Business Administration-Manila, Inc. The Parent Company’s three major subsidiaries currently involved in education are STI ESG, STI West Negros University, Inc. (STI WNU) and iACADEMY, Inc. (iACADEMY).

- STI ESG was incorporated on June 2, 1983. It began with a goal of training as many Filipinos as possible in computer programming and addressing the information technology (IT) education needs of the Philippines. Starting as a training center, STI ESG initially offered short-term computer programming courses that were patterned to satisfy the demand of college graduates and working professionals who wanted to learn more about emerging computer technology.

Shortly after, STI ESG’s campuses began to grow as it started granting franchises in other locations within Metro Manila, which soon expanded to other key areas in Luzon, Visayas, and Mindanao.

Over the years, STI ESG began shifting its focus from short-term courses to college degree programs to adjust to the changing business environment. In 1995, STI ESG was granted a permit by the Commission on Higher Education (CHED) to operate colleges and roll out four-year college programs starting with the Bachelor of Science (BS) degree in Computer Science. STI ESG then slowly diversified its programs beyond Information and Communications Technology (ICT) by introducing new programs in the fields of Business and Management, Accountancy, Engineering, Education, Hospitality Management, Tourism Management, Arts and Sciences, Psychology, and Criminology. STI ESG is also offering Senior High School (SHS), while select schools in the STI ESG network offer Junior High School (JHS). STI ESG is 98.7% owned by STI Holdings.

As at February 16, 2026, STI ESG has a network of 63 operating schools comprising 60 colleges and 3 education centers. Of the total number of schools, STI ESG owns 37 schools while franchisees operate 26 schools.

STI ESG's total student capacity aggregates to 159,569 students, with 112,119 pertaining to owned schools and 47,450 for franchised schools.

- STI WNU was founded on February 14, 1948. The campus sits on a 3.1-hectare property in the heart of Bacolod City. STI WNU was granted its university status by CHED on February 11, 2008. STI Holdings acquired 99.5% ownership of the university on October 1, 2013. Since then, STI WNU's facilities have been undergoing continuous upgrades.

The university offers pre-elementary, elementary, junior and senior high school, tertiary and post-graduate courses. Tertiary courses include Engineering, Education, Criminology, Business courses such as Accountancy, Management Accounting, Business Administration, Retail Technology and Consumer Science, Hospitality and Tourism Management, Arts and Sciences, Psychology and ICT. STI WNU also has permits to provide technical-vocational education training services under the Technical Education and Skills Development Authority (TESDA). Post-graduate programs include Master's degrees in Business Administration, Public Administration and Education, and Doctorate degrees in Business Administration, Public Administration and Educational Management.

In May 2024, the construction of the new School of Basic Education (SBE) building of STI WNU was completed. Standing on a 2,915 square meter property inside the STI WNU campus, this 4-storey building can accommodate up to 4,000 pre-elementary, elementary, junior and senior high school students.

The entire campus of STI WNU has facilities that can accommodate 18,000 students.

The Group’s performance obligations arising from tuition and other school fees are satisfied over time, as students simultaneously receive and consume the benefits provided by the Group through its educational services. The core business and revenues of the Group, which are mainly from tuition and other school fees, are recognized as income over the corresponding school term(s) to which they pertain and in relation to the services provided by the Group. As such, revenue distribution across quarters may vary depending on the school calendar. This is presented to provide context for proper appreciation of the results of operations of the Group.

I. RESULTS OF OPERATIONS

Three-month period ended December 31, 2025 vs. three-month period ended December 31, 2024

For the three-month period ended December 31, 2025, the Group generated gross revenues of ₱1,390.1 million, lower by 13% or ₱201.6 million from the same period last year of ₱1,591.7 million. Gross profit likewise declined by ₱210.8 million or 18% year-on-year.

The variation between quarters of the current and previous year was primarily attributable to two factors: (1) the earlier commencement of classes for SY 2025-2026 compared to SY 2024-2025, and (2) the adoption of revenue recognition based on the school days within the related term(s). Classes for SY 2025-2026 commenced on July 28, 2025 as compared to August 12, 2024 last year for both STI ESG and STI WNU. Starting FY 2025-2026, STI ESG and STI WNU recognized revenues from tuition and other school fees based on the actual number of school days in a quarter of the applicable school term compared with the previous practice of recognizing the same on a monthly basis within each quarter of the school term(s). This change affects the timing of revenue recognition across quarters but does not affect the aggregate revenues recognized for the full school year. In addition, the Group implemented adjustments in tuition and other school fees for SY 2025-2026.

The Group recorded an operating income of ₱498.4 million for the three-month period ended December 31, 2025 as against ₱710.6 million for the same period last year. Net income after

income tax amounted to ₱461.0 million this quarter, 29% lower than the ₱649.0 million recorded for the three-month period ended December 31, 2024.

EBITDA, computed as earnings before interest expense, interest income, provision for income tax, depreciation and amortization, gain on foreign exchange differences, equity in net earnings of associates and joint venture, fair value gain (loss) on equity instruments at fair value through profit or loss (FVPL), and gain on termination of lease is ₱673.7 million for the three-month period ended December 31, 2025 compared to ₱902.9 million registered during the three-month period ended December 31, 2024. Depreciation and interest expenses for purposes of this computation exclude those related to right-of-use (ROU) assets and lease liabilities, respectively. EBITDA margins for the three-month periods ended December 31, 2025 and 2024 are at 48% and 57%, respectively.

Six-month period ended December 31, 2025 vs. six-month period ended December 31, 2024

For the six-month period ended December 31, 2025, the Group generated gross revenues of ₱2,833.5 million, ₱204.1 million higher than the same period last year's gross revenues of ₱2,629.4 million.

Gross profit increased by ₱169.8 million year-on-year from ₱1,870.7 million to ₱2,040.5 million, resulting in a gross profit margin of 72% this year compared to 71% in the same period last year.

The Group recorded an operating income of ₱1,155.9 million for the six-month period ended December 31, 2025 as against ₱996.0 million for the same period last year. Net income after income tax amounted to ₱1,080.1 million this year, ₱167.9 million more than the ₱912.2 million recorded for the six-month period ended December 31, 2024. Net income margin likewise improved from 35% to 38% for the six-month periods ended December 31, 2024 and 2025, respectively.

EBITDA stood at ₱1,551.5 million for the six-month period ended December 31, 2025, an increase of ₱174.5 million from ₱1,377.0 million registered during the six-month period ended December 31, 2024. Depreciation and interest expenses for purposes of this computation exclude those related to right-of-use (ROU) assets and lease liabilities, respectively. EBITDA margins for the six-month periods ended December 31, 2025 and 2024 are at 55% and 52%, respectively.

II. FINANCIAL CONDITION

The Group's total assets as at December 31, 2025 amounted to ₱18,363.9 million, ₱1,349.6 million higher than the ₱17,014.3 million balance as at June 30, 2025. This increase was primarily driven by higher levels of cash and cash equivalents and receivables for tuition and other school fees.

The total balance of receivables is up by 87% or ₱470.0 million from ₱538.0 million as at June 30, 2025 to ₱1,008.0 million as at December 31, 2025. This balance consists primarily of amounts expected to be collected from students as payment for tuition and other school fees, as well as from DepEd for SHS vouchers that are expected to be received within the school year.

Property and equipment increased by ₱443.6 million, net of accumulated depreciation, from ₱10,453.4 million as at June 30, 2025 to ₱10,897.0 million as at December 31, 2025. The increase primarily reflects the acquisition of land and the progress of completion of the related ongoing projects of both STI ESG and STI WNU during the six-month period ended December 31, 2025.

Deferred tax assets (DTA) decreased by 16% or ₱8.2 million, from ₱51.4 million as at June 30, 2025 to ₱43.2 million as at December 31, 2025, largely indicating the reversal of tuition and other school fees collected in advance to revenues, resulting in the corresponding decrease in the related deferred tax asset. Following statutory regulations, tuition and other school fees which are collected in advance are subject to income tax upon receipt.

Goodwill, intangible assets, and other noncurrent assets increased by ₱41.9 million from ₱786.7 million as at June 30, 2025 to ₱828.6 million as at December 31, 2025, substantially attributed to STI ESG's downpayment for the construction of STI Academic Center Meycauayan, net of advances applied or reclassified to property and equipment.

Total current liabilities increased by 33% or ₱639.6 million to ₱2,593.8 million as at December 31, 2025 from ₱1,954.2 million as at June 30, 2025, mainly attributed to the increase in accounts payable and other current liabilities driven by the Group's declaration of cash dividends aggregating to ₱541.1 million which were subsequently settled in January 2026. Unearned tuition and other school fees also increased from ₱242.8 million as at June 30, 2025 to ₱410.9 million as at December 31, 2025. The balance as at June 30, 2025 represents the tuition and other school fees collected before the fiscal year end but applicable to the coming SY 2025-2026. These unearned revenues will be recognized as income over the remaining months of the related school term(s).

Total noncurrent liabilities decreased by ₱358.9 million to ₱2,216.0 million as at December 31, 2025 from ₱2,574.9 million as at June 30, 2025 substantially attributed to the reclassification to current liabilities of the principal loan amounts and lease liabilities due within the next twelve months.

Total retained earnings increased by ₱524.0 million substantially due to the net income recognized by the Group for the six-month period ended December 31, 2025, net of cash dividends declared in December 2025. The cost of shares held by a subsidiary posted a ₱364.2 million movement as STI ESG sold a portion of its shares in the Parent Company aggregating 365.9 million shares. Consequently, STI ESG's equity interest in STI Holdings has been reduced to 0.67% as at December 31, 2025.

IV. MATERIAL CHANGES IN BALANCE SHEET ACCOUNTS

Cash and cash equivalents increased by 16% or ₱442.9 million from ₱2,732.6 million to ₱3,175.5 million as at June 30, 2025 and December 31, 2025, respectively, primarily attributable to the Group's profitable operations and improved collection efficiency. The Group generated cash from operating activities aggregating to ₱1,054.4 million during the six-month period ended December 31, 2025, with collection of tuition and other school fees serving as the primary source of operating cash flows. Net cash outflows for investing activities mainly reflect payments made to the contractors for the construction of new buildings and for the acquisition of a parcel of land. STI WNU installed solar panels in its SBE and Engineering buildings. Cash outflows for investing activities likewise include expenditures related to building rehabilitation works and acquisition of various equipment and furniture for the schools owned and operated by the entities within the Group. Net cash outflows for investing activities amounted to ₱708.2 million. The Group registered ₱96.6 million net cash generated from financing activities, largely due to the ₱548.9 million proceeds from STI ESG's sale of majority of its shares in STI Holdings in August and December 2025. These funds were mainly used to settle scheduled principal payments of STI ESG's Term Loans with Chinabank, BPI and Metrobank aggregating to ₱292.2 million as well as interest payments on the said loans and coupon payments on STI ESG's bonds issuance aggregating to ₱94.4 million during the six-month period ended December 31, 2025.

The total balance of receivables is up by 87% or ₱470.0 million from ₱538.0 million as at June 30, 2025 to ₱1,008.0 million as at December 31, 2025. This balance consists primarily of amounts expected to be collected from students as payment for tuition and other school fees, as well as from DepEd for SHS vouchers that are expected to be received within the school year.

Receivables from students increased by ₱157.9 million from ₱436.3 million to ₱594.2 million, reflecting tuition and other school fees that are expected to be collected from the students within the school year.

Outstanding receivables from DepEd for the SHS qualified vouchers, substantially pertaining to the current school year, amounted to ₱335.4 million as at December 31, 2025 compared to ₱19.8 million as at June 30, 2025. The SHS Voucher Program is a financial assistance program wherein subsidies in the form of vouchers are provided to qualified SHS students who are enrolled in a "non-DepEd SHS." A non-DepEd SHS refers to an educational provider not

directly operated by DepEd but granted by DepEd with a permit or government recognition to operate SHS. This includes private schools, private colleges and universities; state universities and colleges (SUCs), local universities and colleges (LUCs); and technical and vocational institutions offering SHS. A Qualified Voucher Recipient (QVR) in participating private institutions is entitled to a subsidy ranging from ₱14,000 to ₱22,500 annually. DepEd, through the Private Education Assistance Committee (PEAC), facilitates the transfer of funds to the participating schools.

Receivables related to DBP Resources for Inclusive and Sustainable Education Program (DBP RISE) amounted to ₱1.2 million and ₱1.9 million as at December 31, 2025 and June 30, 2025, respectively. DBP RISE covers the following: (1) the total cost of tuition fees for all year levels of the entire course or program based on the partner school's tuition fee structure which is determined at the beginning of the first term of the course or program; and (2) student support fund which covers other school fees, miscellaneous fees, and living allowance that will be determined and set by DBP.

Receivables from CHED for the Tertiary Education Subsidy (TES) amounted to ₱8.3 million and ₱1.6 million as at December 31, 2025 and June 30, 2025, respectively. Under the Universal Access to Quality Tertiary Education Act (UAQTEA) or RA No. 10931, and its Implementing Rules and Regulations (IRR), students enrolled in select Private Higher Education Institutions (PHEIs) and are qualified to receive the TES are entitled to ₱60,000 per school year. The TES sharing agreement states that ₱40,000 goes to the TES student grantee and ₱20,000 goes to the PHEI. The subsidy is for tuition and other related school fees and should cover the living allowance, books, supplies, transportation, and miscellaneous expenses. Additional benefits are likewise given to persons with disabilities (PWDs) and graduates of programs with licensure exams amounting to ₱30,000 and ₱10,000, respectively, per annum. Under the TES Program, CHED directly pays the schools where these students enrolled. In July 2023, CHED Unified Student Financial Assistance System for Tertiary Education Board (UniFAST) issued Memorandum Circular No. 5 for the allocation of funds for new TES grants. The circular provides, among others, that the new TES grantees for the first semester of SY 2023-2024 shall receive ₱20,000 per school year or ₱10,000 per semester to cover the full or partial cost of tuition and other school fees. New TES grantees who are PWDs shall receive an additional subsidy of ₱10,000 per school year or ₱5,000 per semester.

Receivables from students are normally collected on or before the date of major examinations while receivables from DepEd, CHED and DBP are expected to be collected in full within the school year.

Receivables related to educational services and sale of educational materials and supplies amounted to ₱73.0 million as at December 31, 2025, lower by ₱16.9 million from the ₱89.9 million balance as at June 30, 2025. This account represents STI ESG's receivables from franchised schools for educational services rendered by STI ESG and for educational materials and supplies sold. These receivables are expected to be settled within 30 days from the invoice date.

Rent, utilities and other related receivables declined by ₱14.4 million to ₱44.4 million as at December 31, 2025, from ₱58.8 million as at June 30, 2025 representing collection of rental payments from various lessees during the six-month period ended December 31, 2025.

The Group's allowance for expected credit losses (ECL) recognized in relation to the adoption of Philippine Financial Reporting Standards (PFRS) 9, *Financial Instruments*, increased from ₱185.4 million as at June 30, 2025 to ₱231.1 million as at December 31, 2025. This increase represents the Group's provision for ECL amounting to ₱45.7 million during the six-month period ended December 31, 2025.

Inventories decreased by ₱12.2 million or 7%, from ₱169.3 million as at June 30, 2025 to ₱157.1 million as at December 31, 2025, substantially attributed to the sale of uniforms during the six-month period ended December 31, 2025, partially offset by purchases made during the period.

Prepaid expenses and other current assets declined by 8% or ₱11.3 million from ₱148.3 million as at June 30, 2025 to ₱137.0 million as at December 31, 2025. The decrease was mainly driven by the application of creditable withholding taxes to income tax liabilities, the offsetting of input VAT against output VAT payable, lower prepaid taxes, reduced balances of prepaid subscriptions and licenses, and the application of advance payments to suppliers upon completion of delivery of goods and services. Prepaid taxes include prepayments for real property taxes as at December 2025, and local business taxes as at June 30, 2025, while prepaid subscriptions and licenses substantially pertain to Microsoft licenses and eLearning Management System (eLMS) subscriptions. The decline in prepaid taxes and prepaid subscriptions reflects the recognition of related expenses during the six-month period ended December 31, 2025. These were partially offset by iACADEMY's renewal of licenses for Adobe Enterprise, Sophos, Neo LMS, and IBM Statistical Product and Service Solution (IBMSPPS), which are utilized both in its Makati and Cebu branches. IBMSPPS is a data analysis and statistical tool developed by IBM and used by iACADEMY's Psychology, Data Science, and all SHS students. Further, this reduction was partially offset by prepayments for insurance coverage, including HMO and fire insurance, generally, with coverage applicable up to fiscal year ending June 2026.

Equity instruments at fair value through profit or loss (FVPL) increased by 8% or ₱868,000 due to the increase in fair value of investments classified to this account. The equivalent fair value gain is recognized during the six-month period ended December 31, 2025.

Property and equipment increased by ₱443.6 million, net of accumulated depreciation, from ₱10,453.4 million as at June 30, 2025 to ₱10,897.0 million as at December 31, 2025. The increase primarily reflects STI ESG's acquisition of a parcel of land in Calamba, Laguna and the progress of completion of the related ongoing projects of both STI ESG and STI WNU during the six-month period ended December 31, 2025. Various school and office equipment, furniture and fixtures were likewise purchased during the six-month period ended December 31, 2025.

Deferred tax assets (DTA) decreased by 16% or ₱8.2 million, from ₱51.4 million as at June 30, 2025 to ₱43.2 million as at December 31, 2025. The decrease was primarily driven by changes in the composition of temporary differences, substantially those related to unearned tuition and other school fees. A large portion of the unearned tuition and other school fees outstanding as at June 30, 2025 have been recognized as earned in the six-month period ended December 31, 2025. As such, the related DTA has been reversed. In accordance with statutory regulations, tuition and other school fees collected in advance are subject to income tax upon receipt, which necessitate the recognition of DTA. As the unearned tuition and other school fees are recognized to income, the related DTA is reversed.

Total current liabilities increased by 33% or ₱639.6 million to ₱2,593.8 million as at December 31, 2025 from ₱1,954.2 million as at June 30, 2025, mainly attributed to the increase in accounts payable and other current liabilities driven by the Group's declaration of cash dividends aggregating to ₱541.1 million which were subsequently settled in January 2026.

Unearned tuition and other school fees also increased from ₱242.8 million to ₱410.9 million. The balance as at June 30, 2025 represents the tuition and other school fees collected before the fiscal year end but applicable to the coming SY 2025-2026. These unearned revenues will be recognized as income over the remaining months of the related school term(s).

Current portion of interest-bearing loans and borrowings amounted to ₱580.8 million as at December 31, 2025, net of deferred finance charges amounting to ₱3.6 million. The balance as at December 31, 2025 represents the current portion of the Term Loans of STI ESG with China Bank, Metrobank and BPI amounting to ₱240.0 million, ₱200.0 million and ₱144.4 million, respectively. On the other hand, the noncurrent portion of interest-bearing loans and borrowings decreased by ₱290.7 million from ₱1,146.1 million to ₱855.4 million, net of deferred finance cost, as at June 30, 2025 and December 31, 2025, respectively, due to the reclassification from noncurrent to current portion of interest-bearing loans and borrowings that are due in the next twelve months.

Current portion of lease liabilities amounted to ₱91.0 million and ₱91.4 million as at December 31, 2025 and June 30, 2025, respectively. Noncurrent portion of lease liabilities decreased by ₱91.6 million from ₱369.6 million as at June 30, 2025 to ₱278.0 million as at December 31, 2025 due to the reclassification of lease obligations which are due within the next twelve months. The decrease was also due to the reversal of the lease liability related to the termination of a lease agreement which was previously accounted for under PFRS 16, following the acquisition of a parcel of land, a property previously leased by STI ESG, in Calamba, Laguna. STI Academic Center Calamba is situated on this parcel of land. Lease liabilities were recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of the initial application. The amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The measurement and presentation of lease liabilities were recognized in the consolidated financial statements of the Group following the adoption of PFRS 16, *Leases*.

Income tax payable amounted to ₱21.6 million and ₱43.7 million as at December 31, 2025 and June 30, 2025, respectively. The balance as at December 31, 2025 represents income tax due on the taxable income for the six-month period ended December 31, 2025 of STI WNU and STI ESG. Income tax due on the taxable income of the other entities within the Group, as applicable, were covered by their tax credits.

Pension liabilities increased by 16% or ₱16.4 million from ₱100.1 million to ₱116.5 million as at June 30, 2025 and December 31, 2025, respectively. The increase is mainly attributable to the recognition of pension expense and remeasurement adjustments forming part of the Group's pension assets for the six-month period ended December 31, 2025.

Other noncurrent liabilities rose by 16% or ₱4.7 million from ₱30.3 million as at June 30, 2025 to ₱35.0 million as at December 31, 2025, mainly due to the advance rent and refundable deposits from new lease agreements.

Total equity increased by ₱1,069.0 million substantially due to the ₱1,080.1 million net income recognized by the Group for the six-month period ended December 31, 2025 net of cash dividends declared amounting to ₱541.1 million. This increase is net of the remeasurement loss on pension liabilities recognized for the six-month period ended December 31, 2025 amounting to ₱14.5 million, net of tax, reflecting changes in the market value of the equity investments held within the pension plan assets of the Group for the six-month period ended December 31, 2025.

V. MATERIAL CHANGES IN INCOME STATEMENT ACCOUNTS

Total revenues reached ₱2,833.5 million during the six-month period ended December 31, 2025, ₱204.1 million or 8% more than the ₱2,629.4 million generated during the same period last year.

Condensed Consolidated Statements of Comprehensive Income

	Six-month period ended December 31			
	2025	2024	Increase (Decrease)

Costs and expenses	1,677.6	1,633.4	44.2	3%
Operating income	1,155.9	996.0	159.9	16%
Other income (expenses)	44.9	18.6	26.3	141%

Provision for income tax	120.7	102.4	18.3	18%
Net income	1,080.1	912.2	167.9	18%
Other comprehensive income (loss)	(14.1)	27.3	(41.4)	-152%
Total comprehensive income	1,066.0	939.5	126.5	13%

Tuition and other school fees amounted to ₱2,603.0 million for the six-month period ended December 31, 2025, ₱219.3 million more than the ₱2,383.7 million tuition fees generated for the same period last year. Revenues from tuition and other school fees are recognized proportionately throughout the related school term(s) to which they pertain, consistent with the time frame in which educational services are delivered. As such, revenue distribution across quarters may vary depending on the timing of the school calendar. The variance reflects the earlier start of classes for both STI ESG and STI WNU for SY 2025–2026 on July 28, 2025, compared to the August 12, 2024 start of classes last SY. Since tuition and related fees are recognized as revenue over the duration of the related school term(s), the earlier start of classes led to a greater share of revenues earned for the six-month period ended December 31, 2025, compared to the same period of the previous year. Starting this fiscal year, STI ESG and STI WNU recognized revenues based on the actual number of days within the school term in contrast with the monthly recognition done in prior years. This approach affects the timing of revenue recognition across quarters but does not affect total revenues for the full fiscal year.

In addition, the Group implemented adjustments in tuition and other school fees for SY 2025–2026. STI ESG implemented tuition and other school fee adjustments for new tertiary students, as well as the other school fees for continuing tertiary students, ranging from 2.1% to 6.7%. STI

WNU implemented an average of 6.6% increase in tuition and other school fees for all students across all levels, while iACADEMY implemented a 5.0% tuition fee increase for new SHS and tertiary students for its Makati campus.

Revenues from educational services and royalty fees increased by 8% and 1%, respectively, primarily due to the improved collection efficiency of STI ESG's franchised schools for SY 2025-2026. Revenues from educational services and royalty fees are derived as a percentage of the tuition and other school fees collected by the franchised schools from their students, DepEd and CHED.

Revenues from educational services include management fees from Philippine School of Business Administration, Inc. (PSBA Manila) and Philippine School of Business Administration, Inc.-Quezon City (PSBA Quezon City) amounting to ₱11.6 million and ₱4.8 million for the six-month periods ended December 31, 2025 and 2024, respectively. The management agreement, executed in May 2024 among the two schools and STI ESG, became effective on July 1, 2024 for PSBA Quezon City and on August 1, 2024 for PSBA Manila. The agreement has a term of three (3) years counting from the respective management commencement dates. PSBA Manila and PSBA Quezon City pay management fees to STI ESG equivalent to 26% of their respective gross revenues.

The revenues generated from the sale of educational materials and supplies amounted to ₱60.5 million for the six-month period ended December 31, 2025, compared to ₱82.8 million for the same period last year, consistent with the enrollment levels for SY 2025-2026. Sales for both periods were mainly attributable to uniforms. The cost of educational materials and supplies sold amounted to ₱48.0 million and ₱66.8 million for the six-month periods ended December 31, 2025 and 2024, respectively, aligned with the movement in sales.

The cost of educational services increased by ₱53.1 million from ₱691.8 million for the six-month period ended December 31, 2024 to ₱744.9 million for the six-month period ended December 31, 2025. This increase is primarily attributed to higher depreciation expenses and the recognition of new software subscription costs, reported as part of the "Cost of student activities, programs and other service costs" in the unaudited interim condensed consolidated statements of income for the six-month period ended December 31, 2025.

The completion of the new school buildings at STI Ortigas-Cainta, STI Lipa, and the new SBE building at STI WNU, major renovation and rehabilitation projects in certain STI ESG-owned schools, along with the acquisition of new equipment and furniture, contributed to the ₱52.7 million increase in depreciation and amortization expenses recognized by the Group. Depreciation and amortization reported under the cost of educational services increased by ₱43.0 million to ₱241.9 million from ₱198.9 million for the six-month periods ended December 31, 2025 and 2024, respectively. Depreciation and amortization costs recognized under the general and administrative expense section increased by ₱9.7 million to ₱134.5 million from ₱124.8 million for the six-month periods ended December 31, 2025 and 2024, respectively.

School materials and supplies costs increased by 34% or ₱3.7 million from ₱10.7 million to ₱14.4 million for the six-month periods ended December 31, 2024 and 2025, respectively. The increase was primarily due to timing differences arising from the earlier start of classes for SY 2025-

2026 and the conclusion of Term 1 within the current reporting period, resulting in higher consumption of instructional materials and supplies relative to the same period last year.

Expenses attributed to student activities, programs and other service costs amounted to ₱116.0 million for the six-month period ended December 31, 2025 compared to ₱100.1 million for the six-month period ended December 31, 2024. This account includes subscription costs for the use of eLearning Management System, MS License, and eBooks, among others. These subscriptions are renewed annually, and the related costs are spread over the contract periods which are usually aligned with the school calendar. The rise in subscription costs is mainly associated with the Group's adoption of specialized cybersecurity and computer-aided design (CAD) platforms for the Criminology and ICT Programs (Computer Engineering, Computer Science, Information Technology, and Information Systems), as well as Adobe Creative Cloud licenses used for instruction in the Multimedia Arts program. These subscriptions support the Group's ongoing initiatives to align laboratory requirements with current industry practices. The cybersecurity, CAD, and Adobe platforms allow for structured, skills-based assessments and enable students to complete tasks that correspond to recognized technical standards. The use of these tools is also intended to increase the number of students earning industry-based assessments and enable students to complete tasks that correspond to recognized technical standards. The use of these tools is also intended to increase the number of students earning industry aligned certifications, which are relevant to improving graduate employability in fields where validated technical competencies are increasingly -aligned certifications, which are relevant to improving graduate employability in fields where validated technical competencies are increasingly required.

STI ESG transitioned from annual support and maintenance contract to on-demand engagements with third-party providers for its computerized accounting and enrollment systems beginning SY 2024-2025. This resulted in lower expenses related to infrastructure and software maintenance incurred by STI ESG, from ₱4.5 million to ₱2.3 million for the six-month periods ended December 31, 2024 and 2025, respectively. Concurrently, STI ESG is in the process of implementing new financial and enrollment systems to streamline its financial and enrollment processes and students' information and records management so as to enhance operational efficiency over the long term.

Gross profit increased from ₱1,870.7 million to ₱2,040.6 million for the six-month periods ended December 31, 2024 and 2025, respectively, primarily due to higher revenues. Gross profit margin likewise increased from 71% to 72%.

General and administrative expenses amounted to ₱884.7 million and ₱874.8 million for the six-month periods ended December 31, 2025 and 2024, respectively, largely attributed to increases in expenses related to salaries and benefits, depreciation, association dues, professional fees, taxes and repairs and maintenance costs. These increases were partially offset by lower provisions for ECL and reduced advertising and promotional spending reflecting the shift in the timing of marketing activities following the earlier start of the school year.

Salaries and benefits amounted to ₱280.0 million for the six-month period ended December 31, 2025 compared with ₱259.7 million for the same period last year, due to salary adjustments and higher premiums for health insurance coverage as well as the onboarding of personnel to fill vacant positions during the six-month period ended December 31, 2025.

Light and water expenses for the six-month periods ended December 31, 2025 and 2024 amounted to ₱109.4 million and ₱116.3 million, respectively. iACADEMY incurred lower utilities costs due to the termination of lease by one of its lessees.

Professional fees increased by ₱8.4 million to ₱70.5 million for the six-month period ended December 31, 2025 from ₱62.1 million for the same period last year, primarily due to increased fees related to corporate and legal counsel services.

The Group recognized a provision for ECL amounting to ₱45.7 million for the six-month period ended December 31, 2025, largely representing ECLs on outstanding receivables from students' tuition and other school fees as at December 31, 2025. This provision is lower by ₱16.7 million compared to ₱62.4 million provision recognized for the six-month period ended December 31, 2024 reflecting the Group's improved collection efficiency. The Group recognized ECL based on the Group's historical credit loss experience adjusted with forward-looking information. The most recent receivables are assigned lower loss rates. Estimated loss rates vary over time and increase as receivables age and as credit risks increase, with the likelihood of the receivables becoming impaired. The Group likewise considered the subsequent collections of receivables from students pertaining to prior years.

Taxes and licenses expense rose by ₱4.6 million to ₱29.5 million from ₱24.9 million for the six-month periods ended December 31, 2025 and 2024, respectively, largely due to higher local business taxes for calendar year 2025.

Repairs and maintenance expenses amounted to ₱24.2 million for the six-month period ended December 31, 2025, slightly higher than the ₱21.5 million incurred for the same period last year, mainly due to rehabilitation works at STI WNU's school facilities and corrective maintenance performed on various equipment during the six-month period ended December 31, 2025.

Insurance expense stood at ₱12.5 million and ₱11.4 million for the six-month periods ended December 31, 2025 and 2024, respectively, resulting from expanded coverage for newly-constructed buildings, building improvements, additional equipment, and other higher value assets.

Association dues amounted to ₱11.8 million from ₱3.0 million for the six-month periods ended December 31, 2025 and 2024, respectively, representing office condominium dues paid by STI ESG for some of its investment properties where the lease contract stated that the lessor would shoulder the association dues.

Advertising and promotions expenses decreased to ₱11.8 million from ₱29.5 million for the six-month periods ended December 31, 2025 and 2024, respectively. The decline was primarily due to timing differences in the implementation of advertising and marketing campaigns. For SY 2025-2026, classes commenced earlier, resulting in a shift of a significant portion of marketing activities to the last quarter of fiscal year ended June 30, 2025, whereas for SY 2024-2025, the marketing campaigns through social media channels were largely executed during the first quarter of fiscal year ended June 30, 2025.

Expenses for meetings and representation, transportation and travel, as well as office supplies and materials, registered slight decreases, as the Group exercised stricter cost control measures.

The Group generated an operating income of ₱1,155.9 million for the six-month period ended December 31, 2025, posting a 16% or ₱159.9 million increase from the ₱996.0 million operating income earned during the same period last year, primarily due to higher revenues recognized for the period.

Interest expenses decreased by ₱21.9 million from ₱126.9 million for the six-month period ended December 31, 2024 to ₱105.0 million for the same period this year mainly due to the principal payments made by STI ESG on its Term Loans with BPI, Chinabank and Metrobank. Interest rates per annum declined effective September 2025 for the BPI, Chinabank, and Metrobank loans at 7.0588%, 7.1577%, and 7.0517%, respectively, compared to 7.8735%, 7.8749%, and 7.8135%, respectively, for the same period of the previous year.

Rental income amounted to ₱74.9 million for the six-month period ended December 31, 2025, posting a ₱23.6 million decrease from the ₱98.5 million rental income generated for the six-month period ended December 31, 2024, primarily due to the pre-termination of lease agreements in some of the Group's investment properties.

Interest income earned from the Group's short-term investments increased by ₱30.1 million from the previous year's ₱22.3 million to ₱52.4 million for the six-month period ended December 31, 2025 due to higher levels of investible funds.

Gain on pre-termination of leases amounting to ₱14.1 million and ₱1.6 million were recognized for the six-month periods ended December 31, 2025 and 2024, respectively. For the six-month period ended December 31, 2025, this amount substantially represents the gain recognized by STI ESG from the termination of a lease agreement, following the acquisition of a parcel of land, in Calamba, Laguna, where STI Academic Center Calamba is situated. For the six-month period ended December 31, 2024, STI ESG amended its original lease agreement for STI Laoag, a school owned and operated by STI ESG, which previously covered only parts of the leased building, to lease of the entire structure. The original lease agreement, which was originally set to expire in September 2027, was effectively terminated and replaced with an amended lease agreement, resulting in the recognition of gain on termination of lease amounting to ₱1.6 million.

Equity in net earnings of associates and joint venture amounted to ₱1.8 million for the six-month period ended December 31, 2025 compared to ₱3.2 million recognized for the same period last year, reflecting the decline in net income reported by some of the Group's associates.

STI ESG redeemed and converted to Philippine peso substantially all its dollar money market and time deposit placements in 2024, resulting in a realized foreign exchange loss amounting to ₱5.7 million for the six-month period ended December 31, 2024.

Fair value gain on equity instruments at FVPL amounting to ₱0.9 million was recognized for the six-month period ended December 31, 2025, compared to ₱1.0 million fair value gain for the six-month period ended December 31, 2024, representing adjustments in the market value of STI ESG's quoted equity shares.

The Group recognized other income aggregating to ₱16.7 million for the six-month period ended December 31, 2024. This account includes ₱12.9 million in utilities cost charged by iACADEMY to its lessee at the Sen. Gil J. Puyat Ave., Makati City building. Other income is presented net of bond maintenance fees amounting to ₱0.3 million each for the six-month periods ended December 31, 2025 and 2024.

The Group reported provision for income tax amounting to ₱120.7 million and ₱102.4 million for the six-month periods ended December 31, 2025 and 2024, respectively.

The Group recognized a remeasurement loss on pension liabilities amounting to ₱14.5 million and a remeasurement gain of ₱27.7 million, both net of income tax effect, for the six-month periods ended December 31, 2025 and 2024, respectively, due to adjustments in the market value of equity shares forming part of STI ESG's pension assets.

The unrealized fair value adjustments on equity instruments designated at FVOCI amounted to ₱0.3 million and negative ₱0.4 million for the six-month periods ended December 31, 2025 and 2024, respectively, due to the movements in the market price of quoted equity shares held by STI ESG.

Total comprehensive income amounted to ₱1,066.0 million for the six-month period ended December 31, 2025, for an increase of 14% or ₱126.5 million compared to ₱939.5 million for the same period last year.

EBITDA is up by ₱174.5 million from ₱1,377.0 million to ₱1,551.5 million for the six-month periods ended December 31, 2024 and 2025, respectively. EBITDA margin for the six-month period ended December 31, 2025 is at 55% compared to 52% for the same period last year.

VI. FINANCIAL RISK DISCLOSURE

The Group's present activities expose it to liquidity, credit, interest rate and capital risks.

Liquidity risk – Liquidity risk arises from the possibility that the Group may encounter difficulties in raising funds to meet its currently maturing commitments. The Group's liquidity profile is managed to be able to finance its operations and capital expenditures and other financial obligations. To cover its financing requirements, the Group uses internally generated funds and interest-bearing loans and borrowings. As part of its liquidity risk management program, the Group regularly evaluates the projected and actual cash flow information and continuously assesses conditions in the financial markets for opportunities to pursue fund-raising initiatives.

Any excess funds are primarily invested in short-dated and principal-protected bank products that provide flexibility in withdrawing the funds anytime. The Group regularly evaluates available financial products and monitors market conditions for opportunities to enhance yields at acceptable risk levels.

The Group's current liabilities are mostly made up of trade liabilities with 30 to 60-day payment terms and the current portion of interest-bearing loans and borrowings that are expected to mature within one year after the reporting date. On the other hand, the biggest components of the Group's current assets are cash and cash equivalents and receivables from students and franchisees with credit terms of up to ten (10) months for installment payments and thirty (30) days, respectively.

As at December 31, 2025 and June 30, 2025, the Group's current assets amounted to ₱4,490.0 million and ₱3,599.7 million, respectively, while current liabilities amounted to ₱2,593.7 million and ₱1,954.2 million, respectively. Current liabilities include unearned tuition and other school fees amounting to ₱410.9 million and ₱242.8 million as at December 31, 2025 and June 30, 2025, respectively. Unearned tuition and other school fees represent performance obligations related to revenues from tuition and other school fees, which will be satisfied over time as the students receive the services provided by the Group.

As part of the Group's liquidity risk management program, management regularly evaluates the projected and actual cash flow information.

The Group regularly monitors both the DSCR for STI ESG's interest-bearing loans from local banks and the ICR for its series 10-year bonds. The ratios are based on the consolidated financial statements of STI ESG. The DSCR is equivalent to the EBITDA divided by total principal and interest due for the next twelve months while the ICR is computed as EBITDA divided by the total interest due for the next twelve months. The Group manages its DSCR to keep it at a level acceptable to the Group and the lender banks. Similarly, the Group monitors its ICR to keep it at a level acceptable to the Group and the STI ESG bondholders.

The Term Loan Agreement with Chinabank prescribes that the financial covenants shall be observed and computed based on STI ESG's unaudited interim consolidated financial statements as at and for the six-month period ending December 31 of each year and based on the audited consolidated financial statements as at and for the year ending June 30 of each year. The term loan agreements with BPI and Metrobank prescribe that the financial covenants shall be observed and computed annually based on STI ESG's audited consolidated financial statements as at and for the year ending June 30 of each year. STI ESG is compliant with the DSCR requirement as at June 30, 2025 and December 31, 2025, as defined in the term loan agreements, (see Note 16 of the unaudited interim condensed consolidated financial statements).

The Second Supplemental Trust Agreement replaced the DSCR measure with the ICR, as discussed in Note 17 of the unaudited interim condensed consolidated financial statements.

The Group's policy is to keep the DSCR at a level not lower than 1.05:1.00 and the ICR at a level not lower than 3.00:1.00. STI ESG's DSCRs as defined in the loan agreements, as at December 31, 2025 and June 30, 2025, are 3.75:1.00 and 3.40:1.00, respectively. STI ESG's ICRs as defined in the bond trust agreement, as at December 31, 2025 and June 30, 2025, 18.97:1.00 and 14.95:1.00, respectively. STI ESG is compliant with the financial covenants imposed under the loan and bond trust agreements.

Credit risk – Credit risk is the risk that the Group will incur a loss arising from students, franchisees or counterparties who fail to discharge their contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk that the Group is willing to accept for each counterparty and by monitoring expenses in relation to such limits.

It is the Group's policy to require students to pay all their tuition and other incidental fees before they can get their report cards and other credentials. In addition, receivable balances are monitored on an ongoing basis such that exposure to bad debts is not significant.

Interest rate risk – Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fixed-rate financial instruments are subject to fair value interest rate risk while floating-rate financial instruments are subject to cash flow interest rate risk. The Group's interest rate risk management policy centers on reducing the overall interest expense and exposure to changes in interest rates. Changes in market interest rates relate primarily to the Group's long-term loans and bonds. While the Group's long-term debt has a floating interest rate, the Group elected to have the interest rate repriced every six months on its new loans and every year on the old loans, thus minimizing the exposure to market changes in interest rates. STI ESG's 7-year bonds, which had a fixed interest rate, were fully redeemed in March 2024 while the 10-year bonds, maturing in 2027, continue to carry a fixed interest rate.

The Group's exposure to interest rate risk also includes its cash and cash equivalents balance. Interest rates for the Group's cash deposits are at prevailing interest rates. Due to the magnitude of the deposits, significant changes in interest rates may also affect the statements of comprehensive income of the Group.

Capital risk – The Group aims to achieve an optimal capital structure to reduce its cost of capital in pursuit of its business objectives, which include maintaining healthy capital ratios and strong credit ratings, maximizing shareholder value and providing benefits to other stakeholders. The Group likewise aims to ensure that cash is available to support its operations and all other projects undertaken by the Group and to maintain funds on a long-term basis.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. The Group is not subject to externally imposed capital requirements.

The Group monitors capital using the D/E ratio, which is computed as the total of current and noncurrent liabilities, net of unearned tuition and other school fees, divided by total equity. The Group monitors its D/E ratio to keep it at a level acceptable to the Group, the lender banks and the STI ESG bondholders. The Group's policy is to keep the debt-to-equity ratio at a level

not exceeding 1.50:1.00. STI ESG is compliant with the D/E ratio requirement as at June 30, 2025 and December 31, 2025, as defined in the term loan and trust agreements, (see Notes 16 and 17 of the unaudited interim condensed consolidated financial statements).

For SY 2024-2025, the academic year for STI ESG and STI WNU began around mid-August 2024 and ended in June 2025. For iACADEMY, classes start in August and end in May of the following year for SHS while classes start in August and end in July of the following year for the tertiary level. The core business and revenues of the Group, which are mainly from tuition and other school fees, are recognized as income over the corresponding school term(s)/academic year to which they pertain. As such, revenue distribution across quarters may vary depending on the timing of the school calendar. This information is provided to facilitate a comprehensive understanding and informed analysis of the results of

operations of the Group. However, management has concluded that the Group's operation is not highly seasonal.

The 3-year shelf registration ended on March 9, 2020. STI ESG's 7-year bonds, which had a fixed interest rate of 5.8085% per annum, were fully redeemed in March 2024 while the 10-year bonds, maturing in 2027, continue to carry a fixed interest rate of 6.3756% per annum. Please refer to Note 30 of the Unaudited Interim Condensed Consolidated Financial Statements attached as Annex "A" for a full discussion of this transaction.
